

## CLEANING WIPE "HYGINET"

### DESCRIPTION

Single -use professional cleaning cloth with ultra-thin microfibers. With only the use of water you not only protect your environment from viruses and bacteria but you also clean it thoroughly and streaklessly. Problem solver for spill and spot cleaning due to the quick absorption capacity.

### ADVANTAGES

- + Ultra-thin microfibers for hygienic cleaning result
- + Removes >99% micro-organisms with the use of only water (certified by EN 16615:2015)
- + Quick absorption of liquid and streak free cleaning
- + Very convenient: Easy preparation, no washing, less transport
- + Low in weight which means less material which is environment friendly
- + Money saving due to all the above advantages

### APPLICATION

Suitable for every water resistant area. Especially suitable for places where only one cloth per room is requested. Damp the cloths slightly with a spray bottle.
