

## DUST CLOTH "TRIPLE-D"

### DESCRIPTION

Electrostatic dust cloth with a unique wave structure which ensures an ideal pressure distribution on rough floors and a maximum dust absorption.

### ADVANTAGES

- + Dry material. No risk on leaving residues on floors or skin
- + High dust absorption capacity. Static electricity attracts dust to the cloth
- + Strong and robust cloth packed on easy to use perforated rolls
- + Coreless roll which means less material which is environment friendly
- + Recyclable material

### APPLICATION

Dust removal on even and rough floors. Suitable for every area because there is no additive included.

### SPECIFICATIONS

Material: PES  
Size: 60 x 20 cm
